ECLIPSE

See nighttime in a whole new light.
The ECLIPSE retrofit downlight with nightlight.

Just takes a flip of the switch.

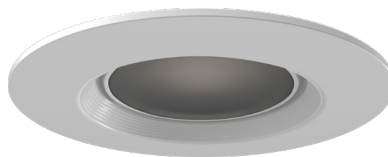

To toggle between Standard and Nightlight modes, simply flip the light switch on (Standard) then off and back on within 5 seconds (Nightlight).

Seamless, contemporary design.

Designed for residential use, the ECLIPSE is available in 4" and 6" models that install into recessed housings. The retrofit includes 5 selectable CCTs and delivers 90 CRI when in Standard Mode.

In Nightlight Mode, it delivers a gentle, warm halo of 2000K amber light. It's UL listed for wet locations, making it ideal for both indoor and outdoor spaces.

Smooth operator.

Whether you're in Standard or Nightlight mode, the ECLIPSE is compatible with 120V TRIAC/ELV dimming down to 10%.
