

SAGE

RAB[®]

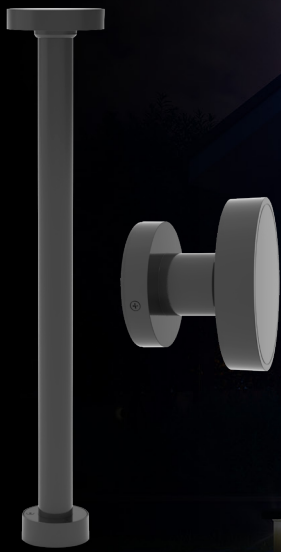

SAGE

Where modern form meets
dramatic function.

MUSHROOM | LEAF | TILE | SLOT | POUF | CLIP | LINDEN | REED | DASH

Our SAGE landscape collection is home to nine distinct series, each with unique aesthetics that keep your choices wide open—whether you're creating ambiance, adding visual interest, or simply ensuring safety. Designed for 120-277V use, the entire SAGE collection is versatile enough for both residential and commercial applications.

MUSHROOM— Contemporary design blends in with nature.

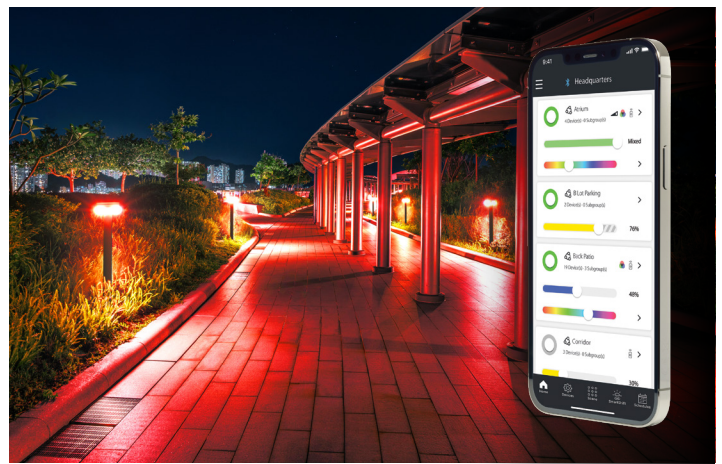

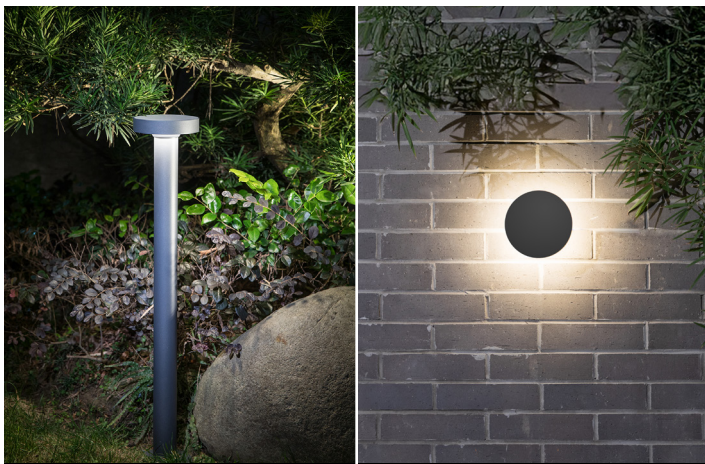

Blending in with nature.

Inspired by the natural shape of a mushroom cap, the MUSHROOM's contemporary, round top eliminates glare and creates a soft, circular halo of light. Available as a scone and bollard, the two fixtures are designed to complement each other when combined within your landscape.

Your world, your rules.

The MUSHROOM series is available with RGBW light, allowing you to choose from 16+ million colors for any setting or mood. RGB models also include tunable white between 2200 - 4000K.

*Applies to RGB models only

LEAF—Lunar-inspired, contemporary lighting.

Celestial lighting that draws you in.

Inspired by the ethereal glow of a full moon, the wafer-thin LEAF lends a little lunar beauty to any space. This elegant fixture rotates a full 360°, allowing you to direct its luminous face exactly where you want, while its thoughtful 35° angle creates a captivating interplay of light and shadow across your walls.

TILE—The allure of the abstract brought to light.

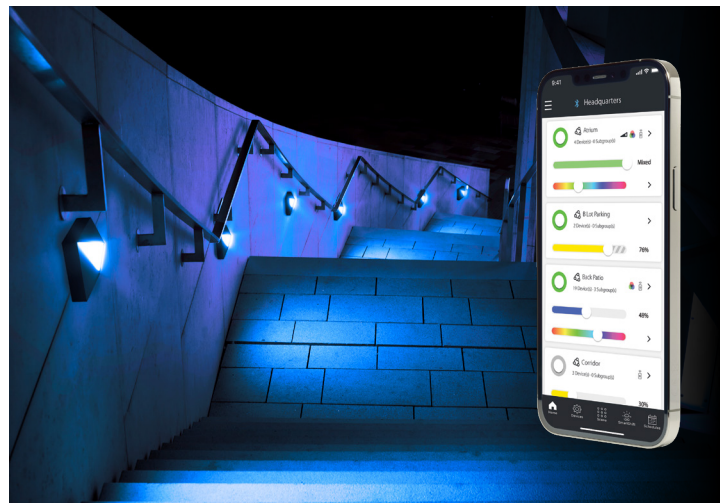

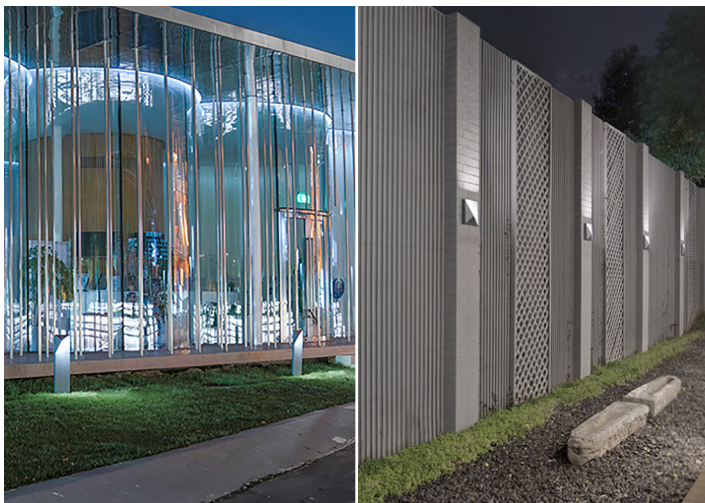

The allure of the abstract.

Geometry was the inspiration behind the TILE. The simplicity of two shapes forming an abstract, three-dimensional light source speaks to the TILE's minimalist design. Get creative and combine multiple wall sconces to form countless artistic forms—the design combinations are endless.

Your world, your rules.

The TILE series is available with RGBW light, allowing you to choose from 16+ million colors for any setting or mood. RGB models also include tunable white between 2200 - 4000K.

SLOT—The elegant interplay of light and shadow.

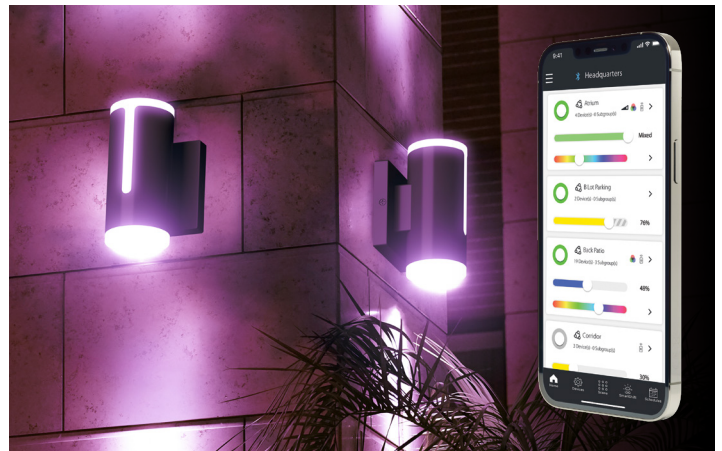

Where modern form and function meet.

The SLOT family redefines modern outdoor lighting with its striking, minimalist design. Featuring a distinctive vertical light slit and a gentle upward glow, these contemporary bollards and wall packs create an elegant interplay of light and shadow that enhances any landscape with sophisticated architectural presence.

Your world, your rules.

The SLOT series is available with RGBW light, allowing you to choose from 16+ million colors for any setting or mood. RGB models also include tunable white between 2200 - 4000K.

POUF—Modernist sensibility for outdoor spaces.

Modernist sensibility for outdoor spaces.

Drawing inspiration from Cubist architecture’s bold geometries, the POUF collection features four triangular light apertures that cast a gentle, atmospheric glow from its corners, while the clean lines create points of interest in the landscape. Each POUF fixture serves as both a functional light source and a sculptural element.

Your world, your rules.

The POUF series is available with RGBW light, allowing you to choose from 16+ million colors for any setting or mood. RGB models also include tunable white between 2200 - 4000K.

CLIP—minimalist aesthetic, bold statement.

Understated, sophisticated design.

The CLIP collection features a distinctive U-shaped illumination pattern that makes a modern architectural statement. With its clean lines and compact form factor, these wall packs and bollards cast an elegant wash of light while maintaining a minimalist aesthetic that complements contemporary outdoor spaces.

LINDEN— Contemporary design meets thoughtful lighting.

Contemporary design meets thoughtful lighting.

With its sophisticated, flat profile, the LINDEN collection delivers full cutoff illumination that reduces light pollution while making a bold architectural statement. The clean lines and minimalist aesthetic of LINDEN seamlessly integrate into modern outdoor spaces, proving that responsible lighting design can be beautiful.

REED—The graceful aesthetics of clean lines.

The grace of hollow grass.

The REED collection draws inspiration from the graceful aesthetics of bamboo, featuring elegantly slender, cylindrical forms that bring sophisticated minimalism to outdoor spaces. The REED's clean lines blend into the landscape, with the bollard offering optional 360° crown to complement its downward glow.

DASH—The sophistication of geometry.

It's all in the lines.

DASH is a unique collection of architectural wall packs that redefines minimalist lighting through pure geometric forms. Each fixture features a clean silhouette in round, square, or rectangular profiles, with a sophisticated linear aperture that creates a dramatic interplay of light and shadow, bringing contemporary elegance to any space.
