## ENTRA

# Innovation at your doorstep.

The ENTRA, now with field adjustability!

### Added adjustability.

The redesigned ENTRA puts lighting control at your fingertips with three selectable wattages and CCTs in one fixture. Easily adjust settings to create the perfect ambiance for your entryway, walkway, or corridor with just one single SKU.

## Built to last in challenging environments.

ENTRA features a vandal-resistant polycarbonate housing and lens that stand up to impact while maintaining a clean, contemporary appearance. It also has an IP65 rating that protects it against dust and water.

IP RATING

VANDAL RESISTANT

## Hands-free convenience, day and night.

The integrated on/off photocell automatically activates your lighting at dusk and turns it off at dawn, saving energy without sacrificing safety. This set-it-and-forget-it feature ensures your entryways are properly illuminated when needed.

ON/OFF PHOTOCELL

## Installation made simple.

With its hinged housing, the ENTRA installs quickly and easily to standard junction boxes. The sleek, low-profile design extends just 2 7/8" from the wall, making it fully ADA compliant and ideal for corridors, stairwells, and other areas with space constraints.
