

RAB

Conventional look, modern performance.

Upgrade to LED with the look and feel of a traditional HID lamp.

ED28

3-YEAR, NO-COMPROMISE WARRANTY

RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty

ED32

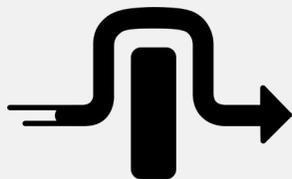

5-YEAR, NO-COMPROMISE WARRANTY

RAB's warranty is subject to all terms and conditions found at rablighting.com/warranty

Versatile, low-cost upgrades for outdated metal halide and high-pressure sodium.

This filament-style LED lamp was designed to replace up to 300W MH in post top, low bay, bollard and high bay applications that show off the aesthetic of the lamp itself.

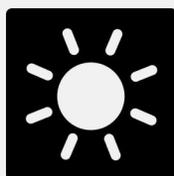

BALLAST BYPASS
Reduces maintenance costs

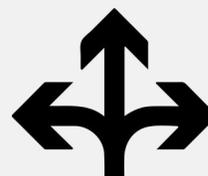

COMPACT DESIGN
Allows the lamp to fit in most fixtures

IP65
Protected against dust and water

ENCLOSED FIXTURE RATED
May be used in enclosed and open fixtures

OMNIDIRECTIONAL OUTPUT
Full glass design won't obstruct light

SURGE PROTECTOR
[SP10KV](#)

Provide an additional level of protection from dangerous powerline transients in industrial and commercial applications. 3-Lead devices protect line-neutral, line-ground, and neutral-ground in accordance with IEEE/ANSI C62.41.2

STEP DOWN TRANSFORMER
[XFMR200-480-277](#)

Step down auto transformers are non-isolated, making them compact and lightweight compared to isolated transformers. Step down from 480V/347V with a maximum power of 150VA.C62.41.2
