

Lightcloud®

Lightcloud Blue Residential Controls

All Lightcloud Blue-enabled products will instantly connect to the systems app via Bluetooth mesh, getting you up and running in minutes. No Gateway or Hub required.

Features

Tunable White: Color temperature that is fully adjustable within the specified range

SmartShift: Circadian lighting adjusts light levels and CCT to match the natural pattern of the sun

Natural Spectrum Technology: Emits less sleep-disturbing blue light, promoting healthier sleep. Also renders colors much more accurately so you can see them as they truly are.

Tunable Color: Select from 16+million colors to customize your space to suit any mood.

RAB®

Lightcloud Blue Accessories

NANO/LCB

Nano
