

# RAB®

## VX

## Versatility meets durability!

VX—Rugged, adjustable, and ready for any rough environment.

### Built for the elements.

The new VX is our first composite vaporproof product. It features a polycarbonate housing, a shock-resistant lens, a rugged wire guard, and a rust-resistant finish that makes it perfect for marine environments. Its IP65 rating stands up to harsh conditions and makes it a reliable light source in tunnels, industrial sites\*, subways, and other challenging environments.

*\* Not designed for hazardous locations.*

## Triple the flexibility.

Our upgraded vaporproof VX line now offers field-adjustable wattage and CCT, and the ability to choose between downlight or uplight/downlight output—giving you eighteen possible configurations from a single SKU! VX also includes an on/off photocell.

## Mount it your way.

The adaptable design of the VX jelly jar includes three conduit entry points and 180° adjustability (with a locking mechanism), which makes it versatile enough for either ceiling or wall mounting. One fixture, unlimited possibilities.

## Ordering Matrix

Family	Wattage	CCT	Finish	Optics	Driver
VX	20 20/16/12W	Blank 3000/4000/5000K CCT Adjustable	Blank Gray	Blank Downlight/ Up+Downlight	Blank 120-277V, On/Off Photocell
